Sunbelt Rentals is your partner in film and TV production. We can provide everything you need on set, on location, on time and on budget. From prep through to wrap. From custom-built studios, location support and powered access equipment through to cameras, lenses, lighting, grip and power.

We can work with you to design the perfect 360, sustainable solution – working with you in partnership to create social impact in your local communities, through environmental; skills, education and employment and social equality programmes as part of our added value service.

Location Services

Buddha Group is a local supplier for all your location's equipment. Having worked with some of the biggest (and smallest) productions in the UK, we have a great understanding of just how to make our customers' lives easier. Just some of the reasons people tell us they use are, that we have the option for HVO or Regular Diesel in all our kit, 100% Buddha Kit (We never Sub Hire), 100% Buddha Transport (We never use external transport), all kit less than 2 years old - and looking sexy! We provide Project Manager assistance always available FOC (Site Visits / Installs etc - however big or small), we provide an Account Manager service for all jobs - not just the big ones and all our Account Managers are from the Industry. We can supply everything from your unit base kit (bowser, generators, lighting towers, waste removal) through to fencing, barriers, make up stations, costume set ups, kwik up and so much more.

Supply 2 Location is the UK's leading supplier of Location Services & Logistics Support to the high-end film and TV production industry. The Group has recently expanded operations to meet the sector's considerable growth.

In the last eighteen months, the company has demonstrated its commitment in the North-West. For example, It has provisioned *The Batman* and *Outlander* productions among others , and recently opened a Northern depot in Knowsley with over 4,000 sq. ft. of space stocked with essential and specialist equipment for immediate Unit Base, Studio and Location deployment.

With over 13 years' business experience directly serving the Film and TV industry and an exemplary list of production credits, Supply 2 Location continues to lead the way in offering innovative, cost-effective flexible solutions, tailored to meet budget, time and location constraints. That service level and commitment has made us the first choice of many revered UK Location teams.

Set Construction
