

WELCOME TO

LIVERPOOL

THE MOST FILMED UK CITY OUTSIDE OF LONDON

LIVERPOOL

FILM

OFFICE

Dear Cast and Crew,

On behalf of Liverpool, it gives me great pleasure to welcome you to our city. For some of you this may be your first visit and I have no doubt you will receive a warm Scouse welcome that Liverpool is famous for; from the fantastic locations, friendly residents to the vibrant attractions.

You are here to film in Liverpool City Region this year and we are thrilled to have you here. This is a city that supports people's ambitions and helps turn them in to something spectacular, we are honoured that you have chosen Liverpool to film this year.

Liverpool isn't afraid to push boundaries in the name of entertainment. There's nothing quite like seeing your hometown on the big & small screen, it creates a buzz and sense of pride that is electric! It is through the hard work and expertise of Liverpool Film Office over the last 35 years that we are now the second most filmed city in the UK.

Some of the world's greatest filmmakers are choosing Liverpool to double as the likes of Moscow, London and New York – something that captivates the minds of our people and inspires the next generation of talent.

*Last year was the busiest year yet for film & TV production in Liverpool City Region, with 301 productions choosing our region as the place to shoot their stories for the screen. Over the last few years, we have welcomed the likes of *Sexy Beast*, *The Batman*, *Doctor Who*, *Peaky Blinders*, and *The Responder* – there's just something about filming in Liverpool!*

*Film is firmly the new link in the chain of Liverpool's rich cultural heritage; with cinema icons like *Batman* and unforgettable characters from the likes of *Jodie Comer* and *Stephen Graham* and celebrated screenwriters like *Jimmy McGovern* and *Frank Cottrell-Boyce* joining the city's walk of fame with the *Fab Four* and our two famed football clubs.*

*We have stepped up to our ambition to become the UK's premier production hub by building and opening two (very big) doors of *The Depot*, our new 40,000sqft studio, as well as supporting trainees into their first jobs in production and working to create a more inclusive and diverse screen workforce in the region.*

Enclosed in this pack is some general information about the city that you may find of interest and offers from some of our Liverpool's fantastic establishments. If you have any questions, please email film.office@liverpool.gov.uk

With best wishes,

L. James
